

# 改善司機健康 活出無煙旅程

Improves drivers' wellbeing for a smoke-free journey

擁有多條專營及非專營巴士路線的冠忠巴士集團有限公司一向關注吸煙帶來禍害。有見及此，公司近年積極推行無煙政策，參與「無煙車樂部」計劃，透過集團不同的宣傳渠道向前線車隊及管理團隊推廣無煙環境的重要性，並禁止員工在室外停車場範圍內吸煙。同時，於旗下「新大嶼山巴士」每季進行健康問卷調查，收集員工的吸煙習慣。公司期望實行無煙工作間能改善員工健康及工作效率，提升業界的職業安全及專業形象，促成多贏局面。

Kwoon Chung Bus Holdings Limited runs a number of franchised and non-franchised bus and has special concern on health risks of smoking. In recent years, the company implemented smoke-free policies and joined the "Smoke-free Drivers Club" Programme. Smoke-free messages were delivered to front-line drivers and management teams via different channels to promote the importance of a smoke-free environment. Smoking was also strictly prohibited in the outdoor area of bus depots. Our subsidiary, New Lantau Bus conducted health survey quarterly to understand drivers' smoking habit. The company hopes to improve drivers' health and working efficiency by creating a smoke-free workplace that will further enhance occupational safety and achieve an all-win situation.
