

多管齊下 凝聚無煙飲食力量

Empowering smoke-free catering force through multi-pronged approach

擁有超過 100 間餐廳分店及逾 3,000 名員工的亞洲國際餐飲集團，一直對推動無煙工作文化不遺餘力。集團深明吸煙會影響廚師的味覺，故積極訂立無煙政策，希望每位員工甚至顧客都能肩負社會責任，一同創造健康、舒適的生活環境。集團定期為員工舉辦戒煙講座及提供一氧化碳呼氣測試，並推行「戒煙之星」活動，每季由戒煙專員舉辦宣傳活動，鼓勵員工摒除吸煙習慣。集團行政總廚亦以身作則成功戒煙，積極與員工分享戒煙經歷。此外，集團亦安排成功戒煙的員工於周年頒獎典禮中接受嘉許，藉以吸引更多員工加入戒煙行列。

Taste of Asia Group with over 100 restaurants and more than 3,000 employees has been spared no effort in providing a smoke-free working environment. Since smoking harms the taste buds of catering staff, we hope to empower every staff and customer to fulfil social responsibilities and create a healthy living environment with us. Health seminars with carbon monoxide breathing tests were conducted on a regular basis. Ambassadors were selected under the "Stars of Smoke-Quit" scheme and accounted for organizing smoke-free events quarterly. In addition, the Executive Chef set a good role model as a successful quitter and proactively shared his experience. Successful quitters will be commended during the Annual Awards Ceremony to motivate more smoking staff to get rid of the habit.
